B. E. P. Q. 406, Revised, Supplement No. 3

PLANT-QUARANTINE IMPORT RESTRICTIONS

BRITISH COLONY OF MALTA

Area Quarantined on Account of Colorado Potato Beetle Increased

The 35th Supplement to the List of Prohibited Articles as published in the Bulletin of the International Bureau of the Universal Postal Union, July 15, 1941, contains information upon which the second paragraph under "Importation Prohibited" in B. E. P. Q. 406, Revised, is amended to read as follows:

TREES, SHRUBS, CUTTINGS, TUBERS, BULBS, BULBOUS ROOTS of FLOWERS, TOMATOES, and FRESH VEGETABLES: Importation prohibited from Germany, North America, Belgium, Spain, France, Luxembourg, Holland, and Switzerland, to prevent the introduction of the Colorado potato beetle (Leptinotarsa decemlineata Say) and the San Jose scale (Aspidiotus perniciosus Comst.).

P. N. ANNAND,

Chief, Bureau of Entomology and Plant Quarantine.
